

JAYMARK A. TALENTO

IT Support Specialist | Aspiring Software Developer

09213457698 | jmarktalen@gmail.com | Kaybagal North, Tagaytay City

ABOUT ME

Dedicated and adaptable college student with strong communication and customer service skills, alongside hands-on experience building web and mobile applications. Passionate about learning new things, solving problems, and working efficiently both independently and within a team. Eager to contribute positively and grow professionally in software development or the BPO industry.

EDUCATION

City College of Tagaytay — Bachelor of Science in Information Technology (2023–Present)

Tagaytay City National High School Integrated Senior High School — Senior High School (2021–2023)

Tagaytay City National High School Integrated Senior High School — Junior High School (2017–2020)

PROJECTS

SCS Key Vault — Smart Fingerprint Key Holder System (Full-Stack IoT Web System)

City College of Tagaytay, School of Computer Studies | React, NestJS, PostgreSQL/Prisma, ESP32/Arduino

- Built a full-stack IoT web system with a React 19 + TypeScript + Vite + Tailwind CSS frontend and a Node.js/NestJS 11 REST API backend, connected via Socket.IO for real-time updates.
- Implemented authentication and security with JWT, Passport, Helmet, role-based authorization, and class-validator.
- Designed the data layer with PostgreSQL and Prisma ORM, with optional Redis caching via ioredis.
- Developed ESP32 firmware in Arduino/C++ integrating a fingerprint sensor, a 20x4 I2C LCD, and Wi-Fi/MQTT communication with the backend.
- Organized the project as a pnpm workspaces monorepo with documented API endpoints via Swagger/OpenAPI.

Rentags — Dual-Role Rental Platform Mobile App

Personal Project | Flutter, Supabase

- Developed a Flutter mobile app connecting rental seekers and landlords, backed by a Supabase database.
- Implemented role-based routing directing users to a seeker apartment listing view or a landlord home screen.
- Built custom screen navigation and page transition animations, including a fade transition using PageRouteBuilder.
- Debugged and resolved application structure issues, such as duplicate main() definitions, to ensure stable app startup.

WORK EXPERIENCE

City College of Tagaytay (Immersion)

- Assisted the registrar office in organizing and sorting student records and documents.
- Supported students by answering inquiries and helping with enrollment and document requests.
- Recorded and transferred student grades from books to computer databases with accuracy and proper organization.
- Assisted staff with daily administrative tasks using basic computer and Microsoft Office skills.

SKILLS

- Basic Computer Troubleshooting
- Fast learner and adaptable
- Can work independently and as part of a team
- Microsoft Office (Word, PowerPoint, Excel)
- Web Development (React, TypeScript, Node.js/NestJS, HTML, CSS, JavaScript)
- Mobile App Development (Flutter, Supabase)
- Databases (PostgreSQL, Prisma ORM, Redis)
- IoT/Embedded (ESP32, Arduino/C++, MQTT)
